

Thank you
for allowing us
to equip your church
as a gospel-motivated
voice for life!

Lutherans
For Life

Get started building a Life Team in your church!

- Life Teams are motivated by joy for being rescued by Christ in the gospel and not by anger, politics, activism, or moralism.
- Life Teams exist to serve their pastor(s) and church.
- Life Teams equip their church to be a gracious voice for life across many issues, including sexuality, adoption, crisis pregnancy, abortion, foster care, bioethics, post-abortion healing, special needs ministry, medical ethics, end-of-life issues, and more.
- Life Team resources are field-tested, bible-based, and gospel-centered. They are intensely practical. They have been used effectively by people with little and much ministry experience in large and small churches located in the city and in the country.
- Lutherans for Life is ready to personally coach your church through the Team-building process, and to support your Team once they're built.

To start building your own Life Team, visit www.lutheransforlife.org.

We share the same passions:

gospel-motivation,
the local church,
and
championing life.

Lutherans
For Life

God has shown us an effective way to equip your church as a gospel-motivated voice for life: a **Life Team**.

A Life Team is like any other **trusted ministry team** in your church (e.g., missions team, children's ministry team). Like them, a Life Team blesses your church by **equipping** them to enjoy and live out the gospel in a particular area of ministry. Life Teams focus on doing this in the multi-faceted life arena. Look to the right to see the many ways a Life Team can bless your church!

Life Teams equip their church to rescue moms, dads, and their unborn children in the midst of a crisis pregnancy.

Life Teams equip their church to dignify and serve the infirm and those with special needs.

Life Teams equip their church to help those cast down by an abortion to find healing in the gospel.

Life Teams equip their church to help new parents, helpless children, and others needing resources and love.

Life Teams equip their church to honor and care for older adults, and navigate the end-of-life with godly wisdom.

Life Teams equip their church to help teens and adults live with sexual and relational integrity.
