

# The invisible are indispensable.

- Create computer-generated or handmade Valentine's cards for each person at your school. Write a life-affirming note inside

- Sponsor a backpack drive. Provide backpacks to each classroom and have each grade fill it with items that are needed for school. Make it a competition, and the winning class gets a pizza party!

- Host a celebration of LIFE at lunch or after school; perhaps include ice cream sundaes, music, and games.

**Celebration!**
