## GOD CREATED ALL OF ME

(This poem may be sung to the tune of "Twinkle, Twinkle Little Star" and/ or be used as a fingerplay.)

Formed beneath my mother's heart,

(Cover heart with both hands.)

God created every part,

(Move hands quickly from head to toes.)

Arms to hug and eyes to see,

(Hug self and point to eyes.)

God created all of me.

(Move hands quickly from head to toes.)

Ears to hear and feet to walk,

(Cup ears and point to feet.)

Mind to think and mouth to talk,

(Point to head and then to mouth.)

Heart to love my family,

(Cover heart with both hands.)

God created all of me.

(Move hands quickly from head to toes.)

I became a living soul,

And my God has made me whole.

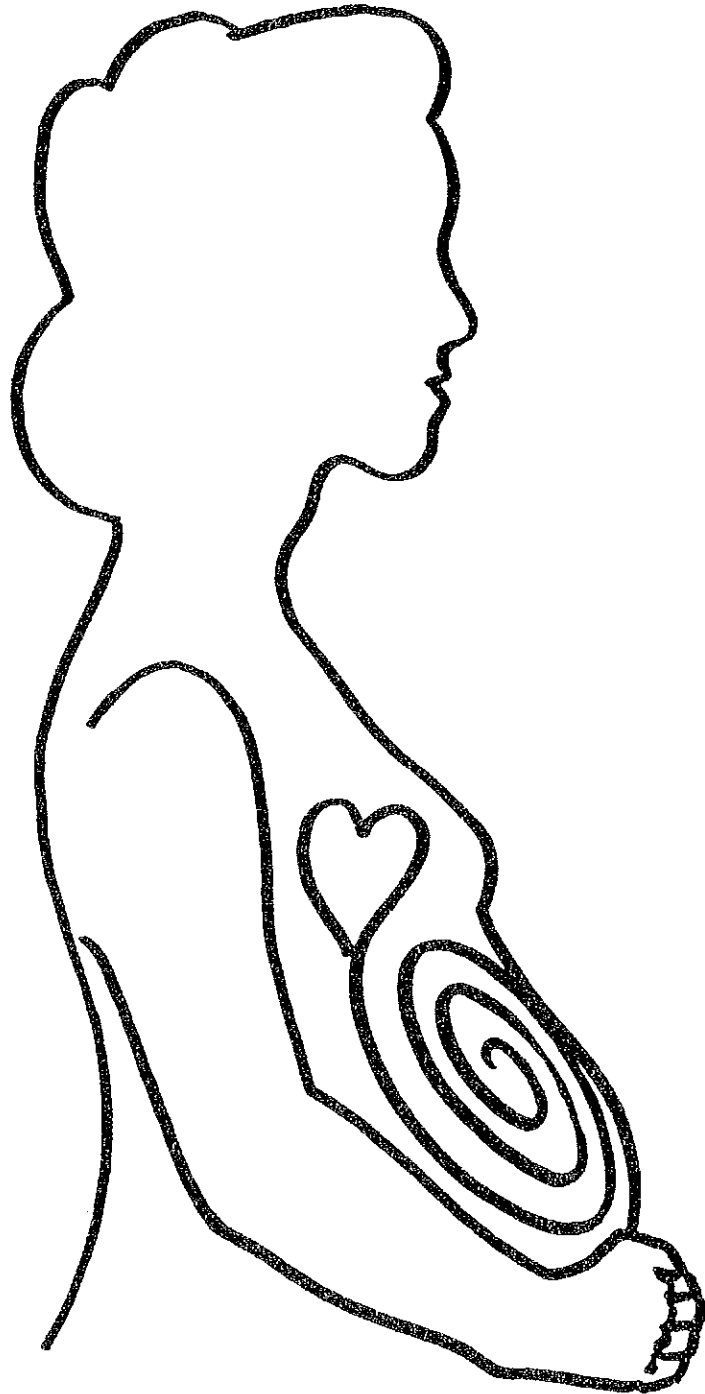

(Point to self and then cradle a baby.)

I am His eternally,

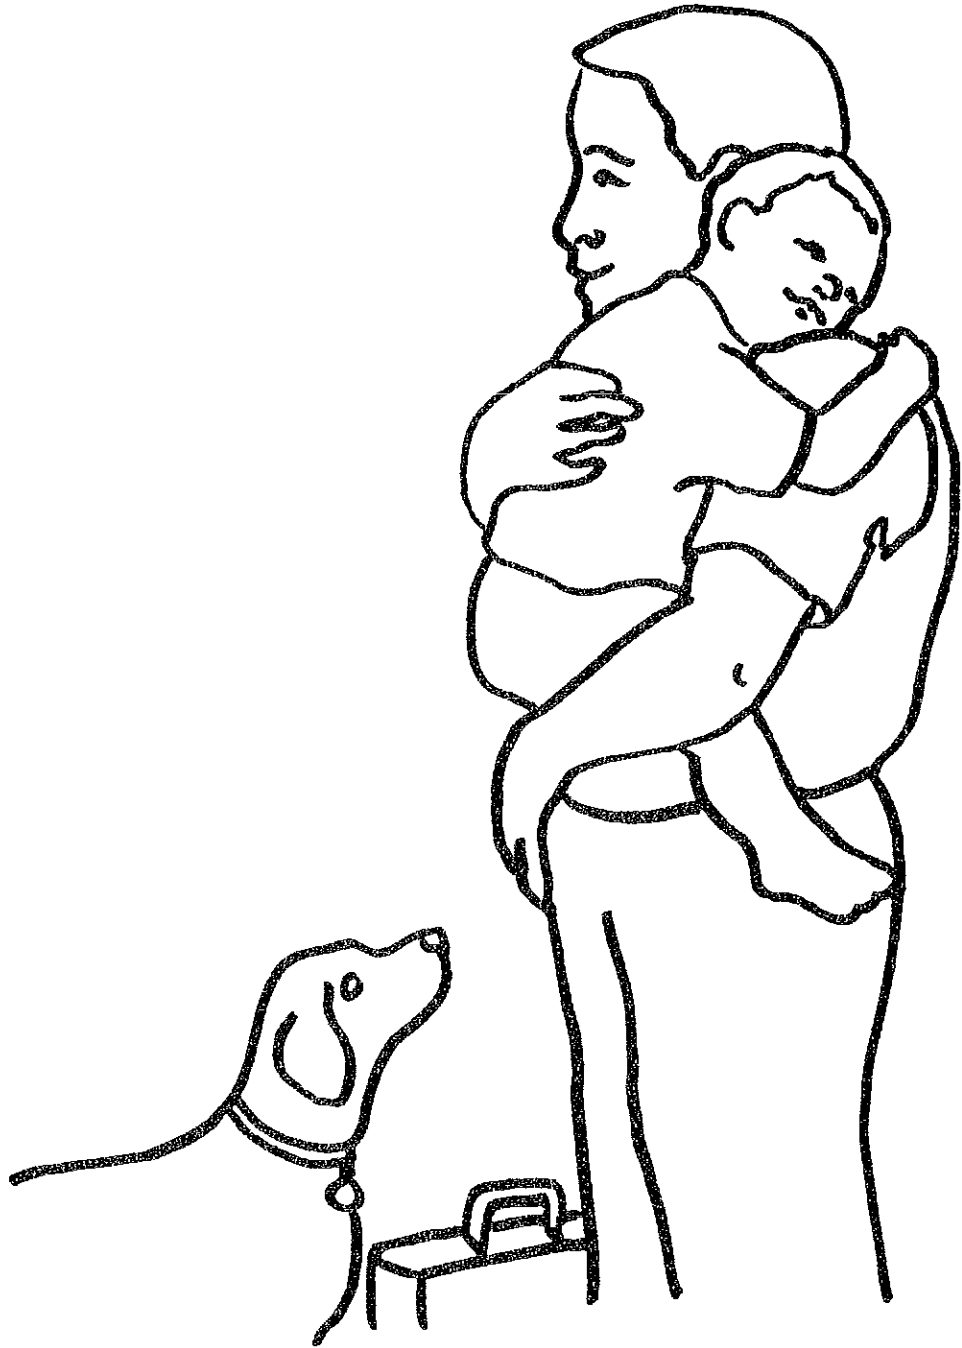

(Point to self and then point to heaven.)

God created all of me.

(Move hands quickly from head to toes.)
