

Life Week 2023 Day 3 Speaker Info

Blessed Together – Delores Desmone will be sharing how God sometimes chooses to build families through adoption. Like with biological families, there are challenges, but we know God is pro-family and offers love and forgiveness to see you through. Delores hopes to encourage attendees to consider adoption or foster care, or to look for someone already in the process whom they can emotionally and spiritually support. She will share what a blessing it has been for her to journey with couples and will encourage attendees to think about language and ways they could be better at speaking God’s Truths relating to life and family.

Delores Desmone writes, “Chosen by God to be His daughter. Raised by a pair of loving, Christian parents, with whom I still enjoy life. Most thankful for my husband, Bob, and our 44 years of happy marriage. We have been gifted with five children by means of adoption. Now we celebrate nine grandchildren. Connecting people and relationships is my hobby. Be it with family, birth moms, church and Bible study friends, or Lutherans For Life friends, I thrive on talking about Jesus and how He has richly blessed me. Sharing about our adoption journey and encouraging others navigating theirs is a joy!”
