64% of Americans Support Defunding Planned Parenthood – When it comes to federal funding, Americans are speaking loud and clear: They don't want their tax dollars bankrolling gender ideology — or abortion, for that matter. A poll from Life Leadership Conference (LLC), first obtained by Breitbart, revealed 64% of registered voters oppose their hard-earned tax dollars going toward “an organization that provides puberty blockers, hormone therapy, and other gender transition treatments for minors.” Of those in opposition, 76% were Republicans, 71% were Independents, and Democrats were evenly split, 44% to 44%. The poll's findings gain added context from a recent Live Action investigation, highlighted by Breitbart, which alleged that Planned Parenthood —known as the nation's largest abortion business and second-largest distributor of gender transition drugs—has been offering hormone treatments to minors as young as 16 with minimal parental consent or medical oversight ... David Bereit, executive director of LLC, emphasized the public's stance, stating, “The overwhelming majority of Americans strongly oppose their tax dollars bankrolling organizations that target minors for irreversible, sterilizing sex-change treatments and abortions—especially without parental involvement or consent.” (lifeneews.com/2025/06/26/64-of-americans-support-defunding-planned-parenthood)

Speaking up For Life

“Know that you, too, have been called to serve on behalf of life at such a time as this. God continually equips you, and you will be in awe of what He is able to do in and through you. The best part is He had it planned in the beginning (Jeremiah 1:5; Psalm 139:16; Ephesians 2:10). May you be blessed as you continue to serve life in His image!” *Jordan Killinger, President of Rice for Life*

“We are each created in God's image regardless of our abilities. He has called us to be His witnesses in the world. We are blessed for life—that we might be a BLESSING—glorifying Him in all we do. Because He has redeemed ME, my response to His everlasting love is to seek to do His will in all things and seek to serve. All His children, regardless of age (pre-born to wise with age), could seek to share God's love with each and every soul God has created.” *Lori Solyom, Director of Development, Voice of Care*

“Let's get back to the basics and drown out the ugly message that death is the solution to life issues. God loves life and His creation. He has no desire for any of us to take our own life or the life of someone else. Our days are in His hands, not our own. May your For Life work be blessed, and may you be filled with the joy that comes with doing the Lord's work as a faithful servant.” *Virginia Flo, Lutherans For Life*

Every Life Is a Story

by Pastor Michael Salemink, former Executive Director of Lutherans For Life

The Holy Scriptures consist of more than one letter. Almighty God speaks creation in entire sentences. Human beings never occupy just a single moment. Every life is a story.

Every neighbor we encounter—no matter how that individual gets here—this one has meaning. Everything that person has done or won't do, however old or young, it has meaning. Whatever size and shape, she makes a difference, he brings blessings. Each of us amounts to more than assorted cells, isolated fluids, and random spasms. Human means—in every case—a character, with an emerging identity, disclosing a history, developing toward an intended destiny. Every life is a story.

Of course, all narratives have conflict. In fact, those complications give them their significance and their message. But none of us reduce to a mere impediment or obstacle. Not one of our kind represents just an accident or a condition or a threat. We all come—from the very first scribble (always a capital!) to the absolute last punctuation mark—as the handiwork and masterpiece of an Author in divine pride and delight. Every life is a story.

The disruptions and surprises actually testify to the intent. Even the earliest embryo carries trajectory, and even the most advanced ages embody momentum. Episodes become experiences and lessons. Mysteries blossom into discoveries and wonders. Interruptions turn out as transitions, seasons, and relationships. Always another page remains, one more chapter, and the circumstance that seems final in reality simply introduces the next possibility and the better opportunity. How sweet the inevitable resolution—after all, Christ is risen!—that more than makes up for the temporary troubles. Every life is a story.

We get to take part. We get to play roles. We get to witness front-row and participate firsthand.

Life issues constitute invitations.

Come share.

Come belong.

When the lights go out, get ready for the show to start.

Every life is a story!
