

Fearfully and Wonderfully Made

For Life

Life Issues A baby's genetic code . . .

**... is complete at fertilization; he or
she is a complete human being
from the moment of conception.**

At seven weeks...

**...baby starts to develop sensory receptors. Sensory receptors are fully
developed throughout the body by 20 weeks' gestation.**

At twelve weeks...

...baby is fully formed with all vital organs and body parts in place.

Lutherans & Life

- **Martin Luther wrote that
"procreation is the work of God."
(*Luther's Works* 4:304)**
- **God brings new life into the world
through the one-flesh union He
designed for husband and wife. We
know family is a good gift because it
was given before the fall into sin.**

Abortion & the Early Church

**Early Christians
wrote in the
Didache about the
issue of abortion.**

Life Week 2026

His Word

For you formed by inward parts; you knitted me together in my mother's womb. I praise you, for I am fearfully and wonderfully made. Wonderful are your works, my soul knows it very well.

Psalm 139:13-14, ESV

Christian Response

**The value of life and God's creative work is evident from the beginning;
God knits us together in our mother's womb.**

We support and encourage mothers and fathers who are expecting children, rejoicing in the gift God has given.
